

PRINT ADVERTISING DELIVERS A PERMANENT MESSAGE  
 AND ONLY THE HOMEOWNER ASSOCIATION PUBLICATIONS OFFER  
 FREQUENT VIEWING OF YOUR AD AS THE PUBLICATIONS ARE USED FOR REFERENCE  
 AND CONTAIN INFO RESIDENTS WANT AND NEED TO KNOW

*We are the Only Homeowner Association Supported Publications in these communities!*

*What Makes Us Unique Is:*

- As the **ONLY** Homeowner Association sponsored publications in these communities they are **widely read** and **highly anticipated** by residents
- The publications are filled with the unique info residents **need** to know and photos of events, community calendars and changes that effect the investment in their homes
- Unlike most direct mail and unsolicited publications, which are often tossed immediately, these are **saved** ... some indefinitely as a yearbook of sorts.
- Our publications are delivered to **every resident** - brand new and old (resident turnover averages approximately 14% annually)
- They are **retained** for reference throughout the quarter so folks know **where** to find you **when** they want you
- They are only produced four times a year
- All are all full color on glossy stock so your business is presented in a quality format
- We do not sell editorial space because residents generally see it for what it is and turn off
- We offer complimentary full-service design and ad production or you can supply your own art
- You are a neighborhood go-to
- Proof that this is a good investment is that many of the "supporters" in these publications have been with us for years. They advertise on a regular basis because they **realize real results!**

**15% off**  
 if you prepay for any one publication for the year.  
 4 issues for any one community!

**20% off**  
 if you prepay, for any three publications for the year.  
 4 issues per community for three or more communities!

Ask yourself - if **you** were interested in the product or service your company offers, would you trust a firm advertising on the internet, who may or may not be there the next time you log-on? Would you invest in a direct mail piece or publication people may just toss without even reviewing or a publication who invests in the community, who your neighbors trust and who supports the community and local tax base?

These exclusive publications have grown through the years because they have proven to be a good investment for local business. And residents tend to value and support the firms who support them.
